Introduction :

Internal Quality Assurance Cell was established in 2011 in Ghulam Nabi Azad Arts Commerce & Science College Barshitakli to initiate, monitor, evaluate and report on relevant measures to upgrade the quality of teaching, learning, evaluation and Research initiatives in the college and student support.

- Development of Quality Academic policies at the initial stage for better implementation.
- Encouraging faculty in research and innovative activities.

The National Assessment and Accreditation Council (NAAC), Bangalore, for performance evaluation, assessment and accreditation and quality up-gradation of institutions of higher education, proposes that every accredited institution establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of an institution's system and work towards realizing the goals of quality enhancement and sustenance.

The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the performance of institutions. The IQAC will make a significant and meaningful contribution in the post-accreditation phase of institutions. During the post-accreditation period, the IQAC will channelize the efforts and measures of an institution towards academic excellence.
